Summer Dates to Remember:

August 6-13: Sequoia Running Camp. This is the 31st annual camp and will include many runners from several different high schools from around the state. Camp space is limited this year, so make sure you're training hard to earn a place at camp. Parents Meeting on July 19 TBA. Go to http://www.uccross-country.com/rc_home.html

August 27: Our first competition. This is a very low-key race that is only 1.5 or 2.1 miles long and flat. Our team does extremely well here because few teams train all summer and are ready for the early season.

To Do:

Consistency: Be at practice every day. Our sport is fitness based, and your bodies will get very fit over the summer, but we have to work out every day. Please let me know when you have vacation and other obligations so we can plan your running while you're away.

Doctor's Physical: You must have an athletic form on file with a doctor's physical before you can participate in practice or competitions. This needs to be done before August 6 and will allow you to compete in all sports for the entire year. You will be required to go to AthleticClearance.com and follow the instructions to register through this website. I will have a link on our web page to all athletic packet information.
